Raul Rodrigues

Software Engineer and **Graphic Designer** - 4 years of experience (remote)

👤 RESUME

With over 4 years of experience in NodeJS and other development technologies, I am a JavaScript expert with proven skills in successful projects. I am capable of leading teams, providing clear guidelines and delegating tasks to ensure project efficiency. Additionally, I have a track record of working independently, taking full responsibility for the project from its formulation to successful completion. If you need a highly competent and motivated professional to lead your next development project, please don't hesitate to contact me.
